Location: London, UK
Citizenship: United Kingdom, United States of America, Poland

EDUCATION

2023 – 2027 **PhD Economics (ready to submit) – University of Bath, UK**
Title: 'The Role of Agent Heterogeneity in the DSGE Framework'

2022 – 2023 **MRes Economics – University of Bath, UK**
Degree Class: Distinction (77.13%)

2019 – 2022 **BSc (Hons) Economics – University of Bath, UK**
Degree Class: Upper Second - Class Honours

SCHOLARSHIPS & AWARDS

2023 – 2026 **Economic and Social Research Council (ESRC) South West Doctoral Partnership Studentship**
Three-year funded doctoral studentship at the University of Bath.

JOB MARKET PAPER

2026 **Financing Firms**

Evidence shows that labour and financial markets are closely linked, and shocks are rapidly transmitted between them. Using a model with labour frictions and typical financial frictions, such as costly dividend adjustment and cash flow-based borrowing constraints, this paper shows that the connection between the two markets operates through the firm's marginal value of internal funds. This paper also demonstrates that through the firm's marginal value of internal funds, a low fundamental surplus can amplify shock transmission between the two markets.

WORKING PAPERS

1. Can't Pay, Won't Pay: The Problem of Negative Cash Flows in the Simple Search Frictions Model. With Christopher Martin. 2025.

WORKS IN PROGRESS

1. "Spillovers Between the Credit and Frictional Labour Market"
2. "On Financial Exclusion, Precautionary Saving and Equilibrium Dynamics"
3. "Markets With Doors: The Effects of Cost Barriers to Asset Markets on Inflation"

TEACHING EXPERIENCE

Sep 2021 – Jul 2025 **Teaching Assistant – Department of Economics, University of Bath**

- Taught Economics of Financial Markets seminars to 160 final-year undergraduates
- Taught Introductory and Intermediate Macroeconomics seminars to a total of 640 first- and second-year undergraduates
- Taught Mathematics for Economics seminars to 320 first-year undergraduates

Sep 2024 – Apr 2026 **Pathway to Bath Tutor – Widening Participation Programme, University of Bath**

- Designed and delivered an introductory economics course and admissions assessment for a total of 160 prospective university applicants over two years
- Managed and coordinated the team of 9 tutors who delivered its seminars

Jun 2023 – 2025 **Discover Bath Summer School Speaker – University of Bath**

- Lectured in Macroeconomics to 120 prospective university applicants at the Discover Bath Summer School in June 2023, and June 2024

Sep 2020 – Jun 2021 **Peer Assisted Learning Mentor – University of Bath Students' Union**

- Volunteered to support a group of 10 first-year Economics students through academic and peer-learning guidance

PROFESSIONAL EXPERIENCE

Jan 2026 – Jul 2026 **PhD Intern – Monetary Policy and Analysis Division, Deutsche Bundesbank**

- Developed and implemented a medium-scale, open-economy, TANK model of the Eurozone with an energy and climate sector
- Analysed new productivity-shock transmission channels and optimal monetary policy design for the EU's implementation of its Fit for 55 green energy transition policy
- Presented results of projects on optimal monetary policy and productivity shock transmissions to 10 senior economists and policy staff
- Authored chartbooks and technical documentation
- Provided research assistance for: Gerke, R. and Röttger, J. (2026) 'On Looking Through Sectoral Shocks: The Role of (De-)Anchored Inflation Expectations', *Deutsche Bundesbank Discussion Paper*, No. 27/2026.

Jul 2025 – Oct 2025 **PhD Placement – Labour Market Analysis Directorate, Department for Work and Pensions**

- Developed new evidence using instrumental variables models, UK government data, and a novel optimal choice model to understand job-seeking behaviour amongst Universal Credit claimants
- Presented policy recommendations that reduce the job search frictions for Universal Credit claimants to 70 economists and policy analysts, including the Deputy Director and Chief Economist
- Co-authored, and quality assured official UK Government Labour Market statistical publications in a team of 7 statisticians and economists

Nov 2018 – Apr 2019 **Technical Assistant – Technical Due-Diligence Team, DNV GL**

- Assisted in writing proposals, project set-up, and reports to support the technical due-diligence projects on oil and gas assets in the Technical Due-Diligence team

Jul 2016 **Work Experience – Debt Trading Desk, Rabobank**

Jun 2014 – Sep 2015 **Financial Assistant – Finance Team, Adstream**

- Reconciled discrepancies, maintained accurate records and supported preparation of financial reports.

PRESENTATIONS

2025 **6th Macroeconomics Network in the Southwest PhD Workshop – University of Bath, Bath**
'How Credit Tightening Shapes the Labour Market'

2024 **5th Macroeconomics Network in the Southwest PhD Workshop – University of Bristol, Bristol**
'On Financial Exclusion, Precautionary Saving and Equilibrium Dynamics'

RESEARCH SKILLS & INTERESTS

- New Keynesian DSGE Modelling: RANK, TANK, medium-scale open economy TANK, and HANK
- Aiyagari-Bewley-Huggett heterogeneous agent models
- Diamond-Mortensen-Pissarides search frictional labour market models

LANGUAGES & PROGRAMMING LANGUAGES

Languages: Fluent in Polish.

Programming: Regular user of Python (Pandas, NumPy, SciPy), MATLAB, Dynare and Excel. Working knowledge of Stata, EViews and SAS. Some experience of Fortran 90.

INTERESTS

2020 – 2022 **Co-Founder and Chairman – Aquae Sulis Research Society, University of Bath Students' Union**

- Co-founded and chaired a student-led research society of 25 members promoting academic discussion through a series of talks by members of the University's academic faculty

2020 – 2021 **Analyst – Students of Bath Investment Club (SOBIC)**

- Participated in investment debates, discussion sessions, and presentations
